

MUTANT BOYS CLUB

Introduction

Imagine Matt Furie's beloved creations embarking on a life-changing event that propels Pepe, Brett, Landwolf, and Andy into a thrilling degen adventure. This marks the beginning of the Mutant Boys Club saga, where the \$MBC token is your gateway to an exhilarating Solana memecoin experience!

As a holder, you can look forward to engaging in PVP and team-based games, forming new bonds of camaraderie, participating in fun giveaways and contests, and witnessing a continuous stream of incredible creativity from our development and art teams.

We proudly present our whitepaper, which outlines our roadmap and details the exciting benefits awaiting you as a \$MBC holder.

Project Goals

The core mission of \$MBC is to create a lively community of fans who love the wild spirit of the Mutant Boys Club. We want to build a fun space where everyone can connect, share their adventures, and dive into this exciting journey together.

To support this, we'll rolling out of games and activities for our community to enjoy. You can join one of five teams, each led by one of the boys (Landwolf, Pepe, Andy, Brett, or BirdDog). Teams will offer unique benefits and bonuses, with regular rewards for team members.

Mutant Boys Club is here for the long haul. Our team is dedicated to making \$MBC the most successful memecoins on Solana, keeping our community entertained every step of the way.

Tokenomics

Total Supply

The total supply of \$MBC is capped at 1B tokens.
